REPORT OF TOWN BUDGET COMMITTEE

During January and February the Budget Committee has met with the various Town Departments and discussed their budgets for 1968. These estimated expenditures for the current year as presented by the departments and later reviewed with the Selectmen have been approved by the Committee and are recommended.

The Committee envisions Greenville approaching a period of rapid growth due to the new water and school facilities and feels that serious consideration be given now to planning for the future.

Therefore, we recommend that a committee be appointed to look into the feasibility of the town adopting a Planning Board. Greenville is the only town in the immediate area without any plan for future expansion. We recommend this committee be appointed by the board of Selectmen.

We recommend that a survey be made in regard to the operation of the various Town Departments.

We also highly recommend that Greenville voters take a more active part in Town Planning and Town Committees. Anyone wishing to take part, please give his name to the Moderator.

The Committee wishes to express their thanks to the various Department heads for their cooperation and the consideration given them.

Albert D. Bourke, Chairman; David C. Emond, Robert Taft,
Marcel H. Gauvin, Roland C. Gauvin, Clerk.

GREENVILLE WATER SUPPLY PROJECT

State of New Hampshire

WATER RESOURCES BOARD

State House Annex

Concord 03301

January 26, 1968

Board of Selectmen

Greenville, New Hampshire

Dear Sirs:

The following, as per your request, is a status report on the construction of the Greenville Water Supply Project.

Water Storage Tank — Complete except for painting (inside and out), testing and disinfecting.

8-in. Water Main in Adams Hill Road — Essentially complete and tested.

10-in. Water Main in Temple Road — All but about 1/2 mile is complete.

Water Treatment Plant — Foundation and floors essentially complete with electrical and mechanical installation progressing during the winter months.

Raw Water Intake & Pumping Station — Structure essentially complete with electrical and mechanical installation progressing during the winter months.

Earthen Dams — Seepage cutoff complete under both dams with remaining work scheduled to commence in the spring.

Reservoir — Clearing and grubbing essentially completed.

If you have any questions, please contact us.

Very truly yours,

Wayne E. Kibby,
Alternate Contracting Officer

FIREWARDS' REPORT

We, the Firewards, are very pleased to report that the year 1967 was a very good one for the Fire Department.

Fire-wise we had an exceptionally good year. We answered eight minor and one major alarm. We answered seven Mutual Aid Calls and have called for Aid three times.

Money-wise we also had a good year despite the bad breaks we had in the hydrant system and also truck breakdowns.

We wish to express our sincere thanks to the Selectmen and all the townspeople for helping us make 1967 a very successful year.

Henry J. Bergeron
Walter Gendron
Virgil Rassier

FIRE RECORD

The year of 1967 will go down in history as a wet year, although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A. M.-5:00 P. M., and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material — use the ashtray.

REPORT OF THE LIBRARIAN

To the Trustees of the Chamberlin Free Public Library December 31, 1967

This year has brought about a few changes. In June, Mrs. Violet Buttrick, Assistant Librarian, resigned to accept a position as school librarian at Appleton Academy. Miss Lorna Buttrick worked as an aide during part of the summer and continues to help out each Friday afternoon after school. In October, Miss Lise Thibault was engaged as a Library Aide for Tuesday and Friday afternoons, after school.

Due to there not being any assistant, the Library was closed during the Librarian's vacation. It is hoped that next year this closing will not be necessary, as Miss Thibault is being trained to take over the desk duties.

During the year 10,303 patrons used the Library, and 10,967 books and magazines were circulated.

Also during the year 532 new books have been added to the collection. This figure includes 61 books given to the Library by various friends, the American Legion, directly from the publishers and the State Library.

Memorial books have been given in memory of Mrs. Albina Emonds, Raymond Ouellette, Mrs. Fannie Wuth and a Past President of the N.H. Federation of Women's Clubs.

Our reference collection has been augmented by the following books, purchased with the \$100.00 grant from the State of New Hampshire:

Documents of American History — Commanger
Flags of the U.S.A. — Eggenberger
Flags of the World — Barraclough
Art through the Ages — Gardner
Spanish-English, English-Spanish Dictionary — Crowell
Fun Encyclopedia — Harbin
Oxford Dictionary of Quotations
International Encyclopedia of Music and Musicians
Motor Service's Automotive Engineering Manual
U.S. Bureau of the Census, Statistical Abstract of the U. S.
Political Atlas and Handbook of the World — Mallory
Oxford Bible Atlas

We have been notified that we will receive \$100.00 again

in 1968 for reference books, and we are purchasing the *Encyclopedia Americana*.

New magazines added this year are *Look*, *The Minkus Stamp Collector's Magazine*, and *The East*. We are grateful to all who have given magazines to the Library. Individuals have contributed subscriptions to *N.H. Profiles*, *National Geographic*, *U.S. News and World Report*, *The Nation's Business*, *Newsweek* and *The American Legion Magazine*. All gift books and magazines are deeply appreciated.

The librarian has attended the book selection meetings held in Bedford, Wilton, Amherst, Windham and Raymond. They all proved to be interesting and helpful.

From October 10 through December 12 the librarian and Mrs. Dorothy Russell took a course in Library Techniques. This course was held at Keene State College and was taught by Miss Cynthia Postal of the State Library staff.

In April, the librarian, Mrs. Russell, Mr. Albert Bourke and Mr. John Fortin, our State representative, attended the Legislative luncheon held at the Sheraton Wayfarer as a "kick-off" for National Library Week.

We celebrated National Library Week with an Open House on April 19. A hobby show of local arts and crafts created much interest in the library during the week. Book jackets designed by the school children were on display, and prizes were awarded to the best three in each group. Mr. Philip Heald was guest speaker at the Open House and showed colored slides and gave an informative talk on Conservation. In lieu of a fee Mr. Heald suggested two books, *N.H. Nature Notes* and the *History of N.H. Game and Furbearers*, which he thought would be of interest to the Library, with the result that they were purchased by the "Friends of the Library." Delicious refreshments also were served by the Friends to the seventy-five persons attending the Open House.

On April 21, the 7th Annual Pops Concert was again sponsored by the Friends of the Library. It was a huge success, and the Friends gave a check of \$300.00 to the Library for the purchase of books.

In June we welcomed a new bookmobile librarian, Mrs. Judith Kimball. The bookmobile has made its usual visits, and

a total of 754 books was borrowed — an average of 189 books per visit.

To help meet the requests of our patrons, 56 books have been borrowed directly from the State Library.

During June, July and August, story hours were held each Friday afternoon at the Library. An average of 20 six-year-olds and younger were in attendance. A party was held at the Library on the last day of the story hours. Refreshments were furnished by the Friends of the Library.

A nature reading program, for the older children, was conducted during June and July. Twenty-two youngsters completed the reading program and enjoyed an afternoon of games and a cook-out at the home of the Librarian. Miss Lorna Buttrick assisted with the games; the hamburgers and other "eats" were furnished by the Friends of the Library, and Mr. Kimball was the chef!

On October 28 the Friends of the Library held a Harvest Dance. This was a new undertaking, and although attendance was not large, everyone present had a wonderful time. A goodly sum was realized for their treasury, and time will tell if this, too, will become an annual affair.

We wish to salute Dr. James Hitchcock, who has been Chairman of the Friends of the Library and producer of the Pops Concerts! Dr. Hitchcock resigned as Chairman of the Friends of the Library in November. The group will miss his able chairmanship, but he will still be a valuable friend of the Library! We deeply appreciate all that he has done to help the Library become better.

The school children still come to the Library, by classes, on Friday afternoons. Because of the large 1st and 2nd grades the Librarian has opened the Library on Thursday afternoon of alternate weeks from 1 to 4, for the convenience of the 1st grade. Once a month the 1st graders have a story hour. A class of instruction in the use of the Library was given to the 7th and 8th graders. Collections of books have been lent to the Sacred Heart School for a two-month loan period.

The Librarian wishes to express her sincere appreciation to Mrs. Dorothy Russell, who furnished transportation to all the book selection meetings and to the course at Keene, and lends a helping hand whenever possible. Also, thanks are due Russell

Kimball, who helps in any way and "takes over" for the Librarian when she is absent because of illness.

Many more adults used the Library during the past year, so perhaps they did resolve to read a book a week. Keep coming — this is your Library!

"The world of books is the most remarkable creation of man, nothing else that he builds ever lasts . . . but in the world of books are volumes that live on, still as young and fresh as the day they were written . . ."

— Clarence Day

GERTRUDE KIMBALL, Librarian

REPORT OF THE TRUSTEES OF CHAMBERLIN FREE PUBLIC LIBRARY

The Trustees of the Chamberlin Free Public Library have had a busy year. They have set the date of their meetings for the first Wednesday of the month, meeting quarterly, at the library. These meetings are open to the public.

This year the Trustees voted to do away with the fines on overdue books. It has not seemed to meet its purpose (the prompt return of borrowed books), so it seemed feasible to discontinue the practice, for a while at least. It was voted that a lost or damaged book must be paid for at the list price of the book.

A policy for the library is in the process of being written. This policy is required of all libraries affiliated with the State wide library system and is due to be in effect by July 1, 1968.

Mrs. Dorothy Russell was elected as an alternate to the Advisory Council meetings, since the delegate, Mrs. Robert Taft, could not always attend the meetings.

The Trustees owe a debt of thanks to the American Legion for their gift to the Library of a movie projector and screen. This will prove to be of value to all the young people, as films are available to the Library free of charge from the State Library. A program will be worked out by the Librarian, and films will be shown on a regular schedule.

AN APPRECIATION

New Ipswich, N. H. 03070
April 6, 1967

Selectmen
Town of Greenville
Gentlemen,

Through you I wish to express my most sincere thanks to the townspeople of Greenville for their thoughts and wishes as evidenced by your telegrams. The trip to Mobile, the highlight of my year as New Hampshire's Junior Miss, was full of wonderful people and "firsts," things I'd never done before. I'd never had a telegram before Mobile — certainly never one from a whole town. Knowing of your support back home meant a great deal to me.

Thank you.

Most gratefully yours,
Jane M. Eaton

AUDITORS' REPORT

We have examined the accounts of the following town officers: Selectmen, Town Treasurer, Town Clerk, Firewards, Library Trustees, Municipal Court, Road Agent, Tax Collector and Trustees of Trust Funds for the year ended December 31, 1967 and find them to be correct and in good order.

We verified the Tax Collector's uncollected lists as of December 31, 1967 by mailing notices to those having outstanding balances. Differences brought to our attention were noted and where necessary the Tax Collector's accounts were checked and brought into balance.

SUPERINTENDENT'S REPORT

To the School Board and citizens of Greenville, I respectfully submit my final report as the Greenville School District Superintendent of Schools. The report of the Greenville School District will not include some of the items usually covered, namely a budget for the coming school year, since this will be taken care of by a Mascenic Regional School District Report which will outline this proposal for Greenville.

Staff and Instruction

Only minor changes in staff were necessary this year, fortunately, and thus the school program with its full complement of regular teachers is carrying out a most satisfactory educational program. With the retirement of Miss Elsie Wheeler, Music Teacher, Mr. Clark Greene of Ashby, Massachusetts, a graduate of the New England Conservatory, was hired to fill this need within our school. Mrs. Edna Matson was hired to teach Art within the school, replacing Mrs. Alice Stearns.

A real problem developed in the Primary Room of the school since far more youngsters were on hand at the beginning of the year in the first grade than had been anticipated. These twenty-one youngsters, along with the thirteen second grade children, made an almost impossible load for Mrs. Soule. It was decided that a teacher aide be hired to perform routine responsibilities with these children, allowing Mrs. Soule the opportunity to concentrate on the distinctly educational needs of the children. This arrangement was tried for some period of time and still did not provide adequately for all of the first graders and all of the second graders, so the rooming arrangements of the children within the entire school were changed. This rearrangement left Mrs. Soule with twenty-one first grade children; Mrs. Gray with the second and third grade youngsters and Mr. Britton and Mr. Johnson — fourth and fifth grade youngsters in one room and sixth, seventh and eighth grade youngsters in another room. The services of the aide, Mrs. Dorothy Baker, were continued to be used with the upper five grades, as well as with Mrs. Soule. This arrangement seems to be working out far more satisfactorily.

Since it was found impossible to find a fully qualified reading teacher to work with youngsters of the public school, as well as the parochial school, utilizing TITLE I funds, it was decided to

use these funds to defray the costs of Mrs. Baker's services, and arrangements have just been completed to hire the services of another aide, utilizing TITLE I money at the parochial school.

Even though we were very fortunate in Greenville that we did not have to seek out any full-time teachers and were quite successful in finding qualified part-time staff help, citizens of the community should be aware of the fact that the critical shortage of teachers at the elementary level, especially at the primary level, continues. At the beginning of the school year there were many more classrooms in New Hampshire this year, than last, that did not have qualified teachers. In spite of the fact that Greenville is going to be a part of a cooperative which will help to reduce the teacher recruitment problem to some extent, finding teachers to work in small communities in multiple graded classrooms is going to continue to be a very serious problem until the critical shortage is relieved. Perhaps the best course of action should be to make every effort to hold good staff members that are already employed, by providing satisfactory competitive salaries and fringe benefits.

I have every reason to believe that the present attitude of the Mascenic School Board will be to follow this recommendation and help to simplify this very serious and critical problem.

Sacred Heart School

A copy of a letter to the Chairman of the Greenville School Board has just been received from the Pastor of the Sacred Heart Parish of Greenville indicating that their school will be closed as of June 1968. Ordinarily, activities of the Sacred Heart School would not be included in the School District Report; however the impact of the closing of this school on the public I am sure is appreciated by all.

For many years the town of Greenville has been fortunate in having parochial education available for children interested in this type of instructional program. This has not only met special needs of the majority of elementary children of the town, but also has relieved the town of the financial burden of this education. I am sure folks of the town fully appreciate the tax savings that Sacred Heart has made possible over the years. The announced closing changes this favorable financial and educational picture.

The additional anticipated Sacred Heart enrollment, grades

one through four, of about eighty-seven pupils now becomes a town educational responsibility. Naturally, this means more classrooms, more staff, additional text materials and scholar supplies. These costs, when added to those already expected for educating Sacred Heart children in grades five through eight, are going to be noticeably felt by all citizens.

Due to the fact that the added costs will be determined only after the overall Mascenic Budget has been established and prorated back to Greenville, it is quite difficult to present any well supported cost estimate at this time.

The increased and consolidated primary enrollment has definite educational advantages for the children. Single gradedness, and even sections of grades are now possible. In addition, better continuity from primary grades to the Mascenic School will be possible. In the near future it is hoped that citizens will clearly witness a markedly improved educational product, made possible by this change in organization.

Building and Grounds

Everyone thought that the Greenville School was not in very bad condition considering its age, but shortly after school started the heavy rains revealed the fact that the south-side roof was peppered with holes and we had a very serious problem of leakage. Immediate steps were taken to have a roofing job done on this part of the roof even though funds had not been provided for this task. It seems quite probable that the remainder of the roof should also be taken care of within the upcoming budget, since we should expect that the other roof areas are going to leak in the near future if positive action is not taken.

Except for the above problem, the school generally is in pretty good condition, although some painting could profitably be done in the lavatory areas. For several years the Board has considered doing something with the floors of the building. They are still unvarnished and therefore not up to modern standards of sanitation. It makes sense to sand and seal floors of the classrooms on a once-a-year basis so that cleaning could be performed more efficiently, and the general level of floor sanitation of the building could be improved.

Cooperative Plan

After many years of fruitless cooperative planning, studying,

and voting, everyone knows that the Mascenic Regional School District is a reality and will have full educational responsibility for Greenville children as of 1 July 1968. Citizens of Greenville should be thankful that there were interested citizens of the community who were willing to devote their time and energy, not only for this study, but to the several studies that have taken place previously, finally resulting in Mascenic.

No thinking citizen, I am sure, will expect that Mascenic is going to solve all the educational problems of the children of Greenville, but within the cooperative structure which is established by this organization, hopefully, education for children of Greenville will be markedly improved. Certainly the biggest plus factor will be that of providing departmentalized junior high education for children of grades seven and eight, as well as grades five and six. This is a need that has existed for some time and should prove to be extremely beneficial to Greenville children.

Warrant Articles

Warrant Articles are designed to assure a school district organization through the end of June, to oversee the interests of the district during that period of time. In addition, specific provisions are made for handling any deficit or balance that might occur, to transfer all Greenville School District property to the Mascenic Regional School District, and also satisfactorily closing out the financial accounts of the district.

Conclusion

The teachers of the Greenville School are to be complimented for the efforts that they are making in behalf of the children of the community. It was heartwarming to see the way teachers accepted a change in the organizational pattern of the school in consideration of the best interests of the children. This change brought about considerable additional effort on the teachers' part, is still requiring this additional effort. It is nice to know that we have teachers in Greenville who place the needs of the children first, and their own personal interests and desires, second. The efforts of Mr. Caouette, School Custodian, has long complemented the efforts of the instructional staff and has helped to provide a good school program and an atmosphere that is quite acceptable.

It has been a pleasure for me to have worked with the

Greenville School Board during this past year and over the past ten years as your Superintendent of Schools. I have always found the Board to be understanding of serious school problems, sensitive to the responsibilities that they have to the community, and especially alert to the educational needs of children. Close cooperation has always existed between the staff, the School Board, the citizens, and the Superintendent, and has thus resulted in a most satisfactory educational program for the children.

I am sure that continued interest on the part of citizens and parents, working closely with the staff of the Mascenic District, will assure for Greenville an even better educational program than that which has existed in the past, and one of which all may be exceedingly proud.

Respectfully submitted,

KENNETH A. SARGENT,
Superintendent of Schools
